Realistic ILS system  
Custom sounds (Thanks to Didek96).

Prepared for Interactive Control.  
Prepared for Precision Farming DLC.

## Cabin therapy

We offer you an unparalleled comfort and productivity experience: highly effective electrically adjustable cab suspension, our ActiveSeat™ II, three footrests, an impressive 6.1 sound system, and an integrated refrigerator. Add to that the intuitive operation of our CommandARM™ with optional CommandPRO™ and our largest screen yet: the G5Plus CommandCenter™.

## Motor

In developing and tuning our engines,  
we focus on optimal performance  
in the most demanding agricultural applications.  
That's what our engines stand for,  
and that's what John Deere is known for.
